## NFL Painkiller (Evans) - Travel with Controlled Substances

Team	Start Bates	End Bates	Date	Description
Arizona Cardinals	ARI_EVANS_0000019113	ARI_EVANS_0000019139	10/6/1999	Arizona Cardinals Training Room Travel Trunk Inventory lists controlled substances, including Darvocet (pp. 6-7; ARI_EVANS_0000019118-19119); (p. 9; ARI_EVANS_0000019121); (p. 19; ARI_EVANS_0000019131), and (p. 23; ARI_EVANS_0000019135). Per the metadata, the document was created and last modified 10/6/1999. See also, ARI_EVANS_0000022961 (no date).
Atlanta Falcons	ATL_EVANS_0000008227	ATL_EVANS_0000008245	9/27/2009	Atlanta Falcons Medication Usage Report for 9/1/2009 through 9/30/2009 notes the administration of controlled substances at away games, including the distribution of Ambien at an away game on 9/27/2009 versus the Patriots in Massachusetts (at ATL_EVANS_0000008242)
Baltimore Ravens	BAL_EVANS_0000000291	BAL_EVANS_0000000418	10/17/2010	Baltimore Ravens 2010 Drug Log shows that controlled substances were dispensed at away games, including Ambien on 10/17/2010, a date that the Ravens played the Patriots in Massachusetts. (at p. 62; BAL_EVANS_0000000352)
Buffalo Bills	BUF_EVANS_0000000249	BUF_EVANS_0000000252	12/19/2010	2010-2011 Buffalo Bills Medication Usage Log shows the distribution of controlled substances at away games. For example, Percocet was administered on 12/19/2010, the date that the Bills were playing the Miami Dolphins in Miami. (at BUF_EVANS_0000000251).
Carolina Panthers	CAR_EVANS_0000000813	CAR_EVANS_0000000844	6/29/2007	Carolina Panthers 2007 Medication Log notes the distribution of controlled substances on away game days. For example, the Club physician dispensed Percocet on 12/30/2007, the date of an away game at Tampa Bay. (at p. 31; CAR_EVANS_0000000843)
Chicago Bears	CHI_EVANS_0000000044	CHI_EVANS_0000000044	8/10/2006	2006 Chicago Bears Medical Kit contains Ambien, a controlled substance. Per the metadata, the date created and last modified is 8/10/2006. See also CHI_EVANS_0000000076 (Procedure for Distribution of Pharmaceuticals, which states that for home and away games, medications are kept in the team physician's medical kit.)

## NFL Painkiller (Evans) - Travel with Controlled Substances

Team	Start Bates	End Bates	Date	Description
Cincinnati Bengals	CIN_EVANS_0000001353	CIN_EVANS_0000001356	12/21/1992	1992 NFL Reconciliation Report Form completed by the Cincinnati Bengals listing controlled substances including Darvocet and Vicodin. The cover letter from Paul Sparling (ATC) to Dr. Lawrence Brown states, that the attached inventory is kept "in the physicians bag which is brought to the training facility and game site regularly."
Cincinnati Bengals	CIN_EVANS_0000002968	CIN_EVANS_0000003028	10/11/2009	Cincinnati Bengals Medication Usage Report for 10/1/2009 through 10/27/2009 notes the distribution of Hydrocodone on 10/11/2009, a date that the Bengals played the Ravens in Maryland. (at p. 44; CIN_EVANS_0000003011).
Cleveland Browns	CLE_EVANS_0000002914	CLE_EVANS_0000002916	7/25/2003	Document titled "Carnet for the Doctor's medical bag" that lists controlled medications including Darvocet, Ambien, Valium, and Percocet. Per metadata, the date last modified is 7/25/2003. [Note: there is no definitive indication whether this bag was used for travel / away games.]
Cleveland Browns	CLE_EVANS_0000006381	CLE_EVANS_0000006414	9/12/2010	Cleveland Browns Medication Usage Report for the 2010-2011 season. The report notes that controlled substances were distributed at away games. For instance, Hydrocodone was distributed to a player on 9/12/2010, a date that the Browns played in Tampa. (at p. 6; CLE_EVANS_0000006381).
Dallas Cowboys	DAL_EVANS_0000000862	DAL_EVANS_0000000913	10/17/2010	Dallas Cowboys "Prescription Item Audit" report lists medications distributed by player. The report notes that Vicodin was distributed to players on 10/17/2010, which is the date that the Cowboys played in Minnesota. (at p. 36; DAL_EVANS_0000000897). A letter dated 7/18/2010 from Dr. Daniel Cooper to Mr. Rick Leakey, a DEA Investigator, states that prescription medications are stored only in a locked "black bag" that "travels with the team to home games and away games in similar fashion." (at DAL_EVANS_0000000913)
Denver Broncos	DEN_EVANS_0000008022	DEN_EVANS_0000008088	9/12/2010	Denver Broncos Medication Usage Report for September 2010 states that hydrocodone was distributed to a player on 9/12/2010, a date that the Broncos played in Jacksonville, Florida. (at p. 34; DEN_EVANS_0000008055).

## NFL Painkiller (Evans) - Travel with Controlled Substances

Team	Start Bates	End Bates	Date	Description
Detroit Lions	DET_EVANS_0000002496	DET_EVANS_0000002497	9/17/1999	1999 Doctors Bag dated 9/17/1999 contains controlled substances, including Empirin 3 and Darvocet. See also, DET_0000002498 (Detroit Lions Player and Staff Medication Policy dated 7/9/1996 states that controlled substances are "for the doctor's bag only for travel".)
Detroit Lions	DET_EVANS_0000008054	DET_EVANS_0000008063	10/18/2009	Detroit Lions Medication Usage Report dated October, 2009 notes that controlled medications were dispensed on away game days. For example, hydrocodone was dispensed on 10/18/2009 when the team played in Wisconsin. At 5 (DET_EVANS_0000008058). <i>Document titled "Black 'Doctor's' Bag" containing controlled substances including Ambien and Darvocet. Per metadata, the date last modified is 8/8/2007. [Note: there is no definitive indication whether this bag was used for travel / away games.]</i>
Green Bay Packers	GB_EVANS_0000001623	GB_EVANS_0000001623	8/8/2007	Houston Texans 2009-2010 Medication Usage Report shows that the team distributed controlled medications on away game days. For instance, Hydrocodone was distributed on 12/27/2009 when the Texans played in Miami. (at p. 51; HOU_EVANS_0000007343).
Houston Texans	HOU_EVANS_0000007293	HOU_EVANS_0000007352	12/27/2009	Excel spreadsheet listing medical inventory updates for Toronto. A tab titled "Black Medical Bag" notes that the Doctor's Bag contains controlled substances including Vicodin, Ambien, and Valium. The first tab, titled "Master List", specifies the items carried on board the aircraft, including "Black Medical Bag" and references the attached detail list. Per the metadata, the spreadsheet is titled "Copy of Medical Inventory some updates for Toronto.xls", and the date last modified is 7/21/2010.
Indianapolis Colts	IND_EVANS_0000001311	IND_EVANS_0000001311	7/21/2010	In the tab titled "Bags" in this spreadsheet, a list called "Indianapolis Colts - Aircraft Cabin Items" shows that the medical kit contains Tylenol #3 with codeine, which is a controlled substance. Per the metadata, the spreadsheet is titled "Aircraft Cabin items Toronto.xls", and the date last modified is 8/25/2010.
Indianapolis Colts	IND_EVANS_0000001312	IND_EVANS_0000001312	8/25/2010	Excel spreadsheet titled "Doctor's Bag Travel Manifest.xls" (title per metadata; date last modified is 9/21/2007). The manifest lists controlled substances including Darvocet and Vicodin.
Jacksonville Jaguars	JAX_EVANS_0000001032	JAX_EVANS_0000001032	9/21/2007	

## NFL Painkiller (Evans) - Travel with Controlled Substances

Team	Start Bates	End Bates	Date	Description
Kansas City Chiefs	KC_EVANS_0000001385	KC_EVANS_0000001385	1/22/2009	In the Kansas City Chiefs 2009 travel bag "Silver Kit Inventory," the list of controlled medications includes Valium and Vicodin. The list contained in the "Black Bag" includes Ambien.
Los Angeles RAMS / St. Louis RAMS				<b>None found.</b> Note that as early as 2004, the St. Louis Rams Prescription Medication Plan stated that the doctor's black travel bag does not include controlled substances. See LAR_EVANS_0000000399.
Miami Dolphins	MIA_EVANS_0000002394	MIA_EVANS_0000002394	8/1/2007	Miami Dolphins Athletic Training Medical Bag Travel Manifest contains Valium, a controlled substance. Per the metadata, the date last modified is 8/1/2007.
Miami Dolphins	MIA_EVANS_0000002270	MIA_EVANS_0000002270	10/22/2007	Document titled "Physicians Bag London Inventory Prescription with dosage '07.doc" (title per metadata; the date created and last modified is 10/22/2007). The inventory includes controlled substances including Ambien, Vicodin, Valium and Darvocet.
Miami Dolphins	MIA_EVANS_0000002825 (transmittal email at MIA_EVANS_0000002824)	MIA_EVANS_0000002825	8/23/2009	An American Airlines charter coordinator sent to Troy Mauere (Dolphins trainer) the 2009 travel manifest for medical/trainer equipment, asking Mauere to confirm this inventory for the 2010 airplane charters. The 2009 manifest lists controlled substances including Darvocet, Valium and Vicodin. Per the metadata, the date last modified for the manifest is 8/23/2009.
Miami Dolphins				Miami Dolphins Medication Usage Report for the 2008-2009 season notes the distribution of controlled substances on away game days. For instance, Vicodin was distributed on 12/28/2008 when the team played at the New York Jets Stadium. (at p. 53; MIA_EVANS_0000005874).
Minnesota Vikings	MIN_EVANS_0000000597	MIN_EVANS_0000000599	8/8/2007	Minnesota Vikings inventory document titled "Sugarman Black Travel Kit w/ Wheels" includes Celebrex 200 mg, Voltaren 100 mg, as well as Ambien and Darvocet, which are controlled substances.
Minnesota Vikings	MIN_EVANS_0000000771	MIN_EVANS_0000000771	1/4/2011	2010 Minnesota Vikings Gameday Drug Box, Games: 1 to 20. The sheets for the away games (Nos. 1, 2, 5, 8, 10, 11, 13, 15, 19) show that controlled substances were dispensed by the Club, including Ambien. Per the metadata, the date last modified is 1/4/2011 and the author is "hunket".

## NFL Painkiller (Evans) - Travel with Controlled Substances

Team	Start Bates	End Bates	Date	Description
New England Patriots	NE_EVANS_0000001811	NE_EVANS_0000001812	8/3/2005	New England Patriots travel medication inventory log includes controlled substances Vicodin and Ambien. See also, NE_EVANS_0000001810 (parent email that identifies the log as a "list of medications for travel").
				"Medical Bag #2" listing contents including Ambien, a controlled substance. Per the metadata, the document is titled "Medical Bag#2 for London (Soft case).doc", and the date last modified is 10/17/2008. See also, NO_EVANS_0000007256 (New Orleans Saints Prescription Medications Dispensing Protocol/Directive dated 8/4/2009 indicates that controlled substances are stored in lock boxes located in the Physician's Bag, which will be used on Game Day for home and away games.)
New Orleans Saints	NO_EVANS_0000006042	NO_EVANS_0000006042	10/17/2008	New Orleans chart titled "Saints Rx Quick Count: Pre/Post Travel Supplies" subtitled "Away Game Special Rx Player Needs" for the away game in Seattle, dated 1/7-1/8/2011. The chart notes that players received Vicodin.
New Orleans Saints	NO_EVANS_0000008867	NO_EVANS_0000008869	1/8/2011	New Orleans drug log dated 6/24/2008 notes the distribution of controlled substances on away game dates. For instance, Vicodin was distributed on 9/20/2010, a day that the Saints played in San Francisco. (at p. 14; NO_EVANS_0000005853).
New Orleans Saints	NO_EVANS_0000005840	NO_EVANS_0000005894	6/24/2008	New York Giants Medical Department Carnet Manifest, "Carry-On Items." The list includes Hydrocodone, a controlled substance.
NY Giants	NYG_EVANS_0000000505	NYG_EVANS_0000000505	4/29/2009	New York Jets Travel Medication log. The log notes controlled substances, including Ambien, Vicodin, and Valium.
NY Jets	NYJ_EVANS_0000002763	NYJ_EVANS_0000002763	12/2/2009	Oakland Raiders Medication Usage Report for 11/26/2009-3/31/2015 notes the distribution of controlled substances at away games. For example, on 1/2/2011 the Raiders played in Kansas City and distributed hydrocodone. (at p. 12; OAK_EVANS_0000000628).
Oakland Raiders	OAK_EVANS_0000000617	OAK_EVANS_0000000628	1/2/2011	Philadelphia Eagles medication list dated 12/23/2007 for "Game #15 @ New Orleans Saints." The medications for travel to away game in New Orleans include Toradol injection, Voltaren, Celebrex, Ambien, Vicodin, Darvocet and Flexeril, among others.
Philadelphia Eagles	PHI_EVANS_0000002859	PHI_EVANS_0000002859	12/23/2007	

## NFL Painkiller (Evans) - Travel with Controlled Substances

Team	Start Bates	End Bates	Date	Description
Philadelphia Eagles	GB_EVANS_00000002107	GB_EVANS_00000002110	8/23/2010	Emails between Pepper Burruss (Head Athletic Trainer for the Green Bay Packers) and Rick Burkholder (Head Athletic Trainer for the Philadelphia Eagles), also copying Patrick McKenzie, Ryan Vermillion, and John Norwig (other NFL trainers), regarding teams bringing drugs across state lines and athletic trainers dispensing medications. Mr. Burkholder explains the Eagles' previous system of not storing any drugs in their facility. <b>For away games, the Eagles' doctor had a locked briefcase containing stock bottles, and dispensed out the pills in envelopes.</b> Now, however, the Eagles have changed their system to something more "DEA friendly," namely, giving the players Ambien before they leave and asking the home team for other medications such as Vicodin.
Pittsburgh Steelers	PIT_EVANS_00000000825	PIT_EVANS_00000000825	1/19/2009	Pittsburgh Steelers inventory titled "Extra Prescription Medication for Super Bowl." The Superbowl took place in Tampa in 2009. The inventory includes controlled substances Vicodin, Darvocet, and Ambien.
San Diego Chargers	SD_EVANS_00000001960	SD_EVANS_00000001966	12/25/2009	San Diego Chargers Medical report for the away game against the Tennessee Titans on 12/25/2009. The report includes the distribution of controlled substances Ambien and Vicodin.
San Francisco 49ers	SF_EVANS_00000000312 (associated email at SF_EVANS_00000000313)	SF_EVANS_00000000312	9/30/2010	San Francisco 49ers (travel) Medical Kit containing Tramadol, a controlled substance. The medical kit is designated as the travel bag for the London trip. See SF_EVANS_00000000313 (9/29/2010 email from Jeff Ferguson, 49ers Head Athletic Trainer, asking for a list of contents of Dr. Garza's medical kit for the London trip.)
San Francisco 49ers	SF_EVANS_00000000315	SF_EVANS_00000000315	10/5/2010	Dr. Garza's Medical Kit #1 contains Tramadol, a controlled substance. Per the metadata, the file name is "London Carnet 2010.xls" and the date last modified is 10/5/2010.
Seattle Seahawks	SEA_EVANS_00000010395	SEA_EVANS_00000010452	8/15/2009	Seattle Seahawks Ambien chart for away game at San Diego Chargers on 8/15/2009 showing that Ambien was administered to players (names redacted).

## NFL Painkiller (Evans) - Travel with Controlled Substances

Team	Start Bates	End Bates	Date	Description
Seattle Seahawks	SEA_EVANS_00000010131	SEA_EVANS_00000010131	1/4/2010	Excel spreadsheet titled "Medication Log for Blue Bag.xlsx" with tabs showing medications dispensed at away games, including controlled substances. The away games include: Kansas City on 8/29/09; San Francisco on 9/20/09; Indianapolis on 10/4/09; Dallas on 11/1/09; Arizona on 11/15/09; Minnesota on 11/22/09; St. Louis on 11/29/2009; Houston 12/13/09; Green Bay 12/27/09. Per the metadata, the date last modified is 1/4/2010.
Tampa Bay Buccaneers	TB_EVANS_00000000573	TB_EVANS_00000000575	9/18/2009	2009 Tampa Bay Buccaneers Travel Medication List, created 9/17/2009. The list notes controlled substances, including Vicodin and Ambien.
Tennessee Titans	BROWN_EVANS_00000000300 9	BROWN_EVANS_00000000302 1	9/14/2008	Tennessee Titans Medication Usage report for 7/11/2008-9/30/2008 notes the distribution of controlled substances at away games. For example, on 9/14/2008 the Club played in Cincinnati, and administered hydrocodone on that day.
Washington Redskins	WAS_EVANS_00000000585	WAS_EVANS_00000000592	11/21/2010	Medication Usage Report for the Washington Redskins, dated November 2010 notes the distribution of controlled substances at away games. For example, hydrocodone was distributed 11/21/2010, when the team played in Nashville, Tennessee.
